ROLLER GRILL PROFESSIONAL ELECTRIC CREPE MAKER (CSE 400)

The sturdy clean design of the CSE 400 gives the perfect front of house platform for crepes, pancakes, chapatti, blini etc. but also for other menu items, griddled eggs for example. The key to the great performance of the CSE 400 is the specially designed spiral element integrated into the underside of the plate to distribute the heat evenly, essential when making the perfect crepe.

The hard enamelled cast iron plate gives good heat retention and provides a smooth, hard wearing cooking surface requiring minimal oil and no preseasoning.

Features:

- Power On Neon
- Thermostat Controlled

Power:

- 3000 W
