Description

### **ELEVATE™ STEEL SLOTTED SPOON**

Introducing our new Elevate™ range of single kitchen utensils in stainless-steel. Each tool has a weighted silicone handle with an integrated tool rest. This ensures that the head is always raised off the work surface when placed down, improving hygiene and reducing mess in your kitchen.

These utensils feature a durable, 18/8 stainless-steel tool head and a silicone handle that is heat-resistant up to 270°C/520°F. They are also weighted perfectly to maximise the Elevate™ function and provide better control when handling. Perfect for cooking with high-heat such as frying.

Dishwasher safe.

Not suitable for non-stick cookware.
